## Senior Salute: WC Helped Me Open My Eyes to the Life Path I Want to Go Down

**Submitted By:** Thompson Birch '20  
Cincinnati, OH

Graduating senior Thompson Birch is a criminal justice major for whom his passion for soccer was a defining component of his Wilmington College experience. The All-Ohio Athletic Conference student-athlete from Cincinnati shared that his favorite times are “all the memories made with my teammates over the four years.”

While he’s exploring his options career-wise, Tommy looks back on his College experience as a time that “has helped me grow and open my eyes to the life path I want to go down,” he said. Tommy also volunteered advice to both his younger teammates and all those to follow him at WC. “Never take your time for granted; the four years fly by quick.”
